# Introduction to the Pathway to Employment Workbook

### Welcome to OPWDD's Pathway to Employment!

#### What is the purpose of this workbook?

This workbook facilitates the gathering of information relevant to employment and the analysis and synthesis of that information into a recommendation for meeting the person's career and vocational goals. Discovery through Exposure, Exploration, Experience, Evaluation, Education and Empowerment will also prepare the person for competitive employment. Pathway to Employment services result in a comprehensive Career and Vocational Plan with recommendations for next steps to employment and/or future vocational goals.

#### How should this workbook be used?

Staff will complete the entire Pathway to Employment Workbook which includes the Career, Vocational and Transition Plan. The Pathway to Employment process is limited to 425 hours and must be completed within 1 year.

The workbook sections include Purpose, Instructions, Activities, and links to the appendix for resources. The Career Vocational and Transition plan must be completed. After completion they are reviewed and approved by your Supported Employment Services Management.

After the workbook and report have been reviewed and approved by the manager, the Pathway to Employment participant and their support team will meet to begin the transition process to the right service. The team will discuss employment services or other community-based services that best implement the vocational goals recommended.

Upon completion of the Pathway to Employment Workbook, if job development is recommended, a comprehensive targeted job development plan will be created. The Job Developer can use this information to develop a job that matches the individual's skills and abilities, and the job coach can use the information for individualized job coaching. If other services are recommended, the support team can use this information to coordinate services that will help the individual achieve their vocational and employment goals.

### Pathway to Employment Introduction, Description & Services

#### Introduction:

- Pathway to Employment provides exposure to the world of work especially for individuals who need career planning and have limited work experiences in the community.
- Pathway to Employment is a time-limited service to assess an individuals' readiness for competitive employment in the community.
- Pathway to Employment services provide career planning, interest assessments, work experiences in the community, job-readiness skills training, and addressing challenges to employment.
- Pathway to Employment services result in a comprehensive Career and Vocational Plan with recommendations for next steps to employment and/or future vocational goals.
- Pathway to Employment services are targeted for individuals who have some experiences in community
  work or volunteer opportunities and need career planning, additional varied work experiences and to
  address any barriers to job retention.
- Individuals in day habilitation, prevocational services, transitioning from high school and those who have experienced challenges with job retention may be good candidates for Pathway to Employment.

#### **Description:**

- Pathway to Employment is a person-centered, career planning service designed to help individuals identify vocational strengths, skills, and interests.
- Pathway to Employment services are time-limited and can wrap around the individual's current activities and schedule.
- The service combines an individualized planning process with services designed to strengthen workreadiness skills and prepare individuals for the process of obtaining, maintaining, or advancing in competitive employment.
- The outcome of Pathway to Employment is a Career, Vocational and Transition Plan that provides specific recommendations for job development and referral to a supported employment program.
- Or the plan may result in recommendations to build additional skills and work experiences for future success in employment by using other appropriate services.

#### Services:

- The Pathway to Employment process is approved for 12 months or 425 hours, whichever comes first...
- However, services are typically completed within several months. Services may be provided individually and in small groups.
- Pathway to Employment is person-centered and flexible to meet each person's needs.
- A key feature of Pathway to Employment is the Discovery process, which identifies vocational goals based on an individual's strengths, interests, and experiences.

- Pathway to Employment activities are designed to comprehensively evaluate a person's previous experiences in the community, history, interests, support needs, interpersonal skills, work skills, stamina, and learning style to create an Activity Plan.
- Based on the information collected, individuals engage in at least three, varied community vocational experiences.
- Community vocational experiences offer opportunities for people to work for a short period of time in varied jobs to learn about the specific tasks required for that industry, learn about the work culture, and make informed decisions about job preferences.
- Staff use the vocational experiences to assess, identify customized supports, instructional techniques, environments, skills gaps, and potential accommodations needed for the person to be successful in the same or a similar job.
- Job readiness training includes learning about communication and interpersonal skills, interactions with coworkers and supervisors, how to adapt to changes in the workplace, task follow through, interview skills, and the general expectations at the workplace.
- Other career development activities may include job shadowing, researching specific jobs, transportation training, and financial/benefits planning.
- At the completion of Pathway to Employment services, a Career Planning Meeting is held with recommendation to start job development with a supported employment program or continued community work and volunteer experiences and building targeted work-related skills through other prevocational services.
- Pathway to Employment is time-limited and should be provided in a focused and cohesive manner.
- It is important when completing the Career, Vocational and Transition Plan to carry through learning when making job development recommendations or recommendation for the person to build more work skills and/or experiences prior to job development.
- A transition phase has been added to Pathway to Employment to make sure individual's transition to an employment service, if recommended, or other services/supports are completed.

To receive the Pathway to Employment service, the person must express an interest in work readiness or job preparation for competitive employment or self-employment and this must be listed as a goal in the person's Life Plan.

See regulations and ADM for a complete listing of all allowable services and procedures.

The Pathway to Employment Career, Vocational, and Transition Plan must be completed by the end of the service and uploaded in **CHOICES**.

Please carefully read the instructions in each section to complete the required and recommended activities.

## Prepare for Pathway to Employment Services

**Return to Table of Contents** 

### **Before Starting Pathway to Employment**

Before an agency can begin providing Pathway to Employment services and completing the workbook, the following steps will need to be arranged.

Throughout this section you will find guidance for each of the steps listed below.

- The person, support team and the Pathway to Employment provider plan meet to make sure
   Pathway to Employment is the right service.
- The Care Manager and the provider agency will work together to enroll the person in Pathway to Employment services prior to program implementation.
- The person will review Pathway to Employment services and, prior to beginning services, will sign a
  provider agency consent form to share information between past and present service providers,
  family, work references and other support team members.
- The Care Manager will update the Life Plan.
- The agency will complete a corresponding Staff Action Plan.

### **Consent to Share Information**

During Pathway to Employment the provider agency will review documentation and communicate with various community partners related to the individual's work history, interests, and experiences.

In order to gain this information, the provider agency will need to have a signed consent form. This form is not provided by OPWDD.

When reviewing the consent form with the Pathway to Employment participant be sure to discuss all information that may be shared.

Below are examples of the information that would be shared.

#### Sample of activities that consent form should cover:

- Documentation / Records review (Life Plan, Psychological, IPOP, etc.)
- Interviews of support staff and family members related to support and services.
- Observation in programs and community activities.
- Approval for Pathway to Employment staff to share "general information" about the person's abilities, skills, support needs with community partners such as business and volunteer organizations.
- Information will also be shared with other service providers, family members, and other support team members.

#### **Staff Action Plan Instructions**

The Staff Action Plan is an internal guidance document that takes information from the person's Life Plan and details the individual's needed safeguards, staff supports, and/or specific/detailed protective oversight measures to ensure the health and safety of the person receiving the habilitation service(s). Habilitation staff are responsible for implementing needed safeguards for the person.

When reviewing a Staff Action Plan, the habilitation provider must consider the individual's progress, including his/her accomplishments and the prevention of regression since the last review. Staff Action Plan reviews must include discussion about:

- the services and supports that have been provided since the last review
- what challenges have been experienced
- what new strategies or methodologies that may need to be implemented; and
- the individual's satisfaction with the plan.

#### Pathway to Employment ADM Staff Action Plan Requirements

The Pathway to Employment Service Delivery Plan developed by the agency providing Pathway to Employment services must conform to the Staff Action Plan requirements found in relevant Administrative Memoranda. For Pathway to Employment, the Staff Action Plan should clearly identify that the plan is for Pathway to Employment (i.e., titled "Pathway to Employment Plan"). The Pathway to Employment Plan must "cover" the time period of the Pathway to Employment claim.

The Staff Action Plan needs enough information for staff to provide individualized services and to be able to document the needed services. There are various options available in the Life Plan formats. Below are some examples of goals and staff actions that would apply to Pathway to Employment services. Other options are available within Life Plan formats based on the person-centered planning that occurs at the Life Plan meetings. There should be multiple goals/staff actions listed in the Life Plan so that a comprehensive Staff Action Plan can be developed to cover the person's individualized services and supports.

#### **Examples of Goals/Valued Outcomes:**

- Improve my work skills
- Learn work readiness skills
- · Review available options to make an informed choice
- Explore available options
- Change my work situation
- Earn more money

#### **Examples of Provider Assigned Goals/Staff Actions:**

- Provide an assessment of work skills
- Provide an assessment of interests
- · Teach skills for independent living
- Teach social skills
- Teach travel training
- Teach safety skills
- Teach work skills
- Teach work habits
- Teach to use public transportation
- Teach travel training

In order to bill for the range of services related to specific goals/valued outcomes, the Staff Action Plan should list all the allowable services as stated in the regulations or a general statement such as, "Staff may provide any of the allowable services to support this goal." Please see the Pathway to Employment administrative memo regarding required service documentation.

### **Insert Agency Name**

### Insert service(s) name(s)Staff Action Plan

| Staff Action Plan Review Date: Name of Care Coordination Organization: Individual Habilitative Goals/Valued Outcomes (My Goal – Section II of Life Plan) |  |  |
|--|--|--|
|  |  |  |
| Example: I want to live more independently in the community.   |  |  |

### **Provider Assigned Habilitative Goals (Section II of Life Plan)**

This section contains the habilitation provider assigned (habilitative) goals derived from the individual's Life Plan which will be assigned as Goals (G), Supports (S), or Tasks (T). Tasks assigned in the Life Plan are not habilitative in nature and therefore do NOT meet the billing requirements to be a habilitation goal. Using the habilitative goals/valued outcomes identified above as the starting point, the details in this section describe the habilitation staff actions that will enable the individual to reach his/her goals/valued outcomes.

#### Example:

Name of Individual:

**Provider Assigned (Habilitative) Goal**: (G) Teach person to identify and respond to safety issues (environmental safety concerns, etc.)

**Staff Action:** Staff will teach me how to plan a trip, access transportation routes, and the means of paying for each leg of the trip. Staff will help me learn these skills at least 3x a week. (Provider must outline the detailed steps as to how this is achieved.)

### Individual Safeguards/Individual Plan of Protection (IPOP) (Section III of Life Plan)

This section contains the habilitation provider assigned (safeguard) goals derived from the individual's Life Plan which will be assigned as Goals (G), Supports (S), or Tasks (T). Tasks assigned in the Life Plan are not habilitative in nature and therefore do NOT meet the billing requirements to be a habilitation goal. Using the individual safeguards/IPOP from Section III of the Life Plan as the starting point, this section must include detail and any internal guidance documents that outline the individual-specific protective oversight measures staff need to implement or ensure for the individual. For individuals receiving Individualized Residential Alternative (IRA) Residential Habilitation, the Residential Habilitation Staff Action Plan must meet the requirements of the Plan for Protective Oversight in accordance with 14 NYCRR Section 686.16.

#### Example:

**Provider Assigned (Safeguard) Goal:** (S) Provide the following supervision: Provide supervision in unfamiliar places I need the following accommodation to feel comfortable and safe: remember my communication system

**Staff Action:** Staff will provide supervision by maintaining [person] in visual field while teaching travel skills. Staff will ensure that [person's] communication system is available during activities while outside of home and will prompt [person] to use communication system during travel training activities. **Detailed expectations can be described within the staff action plan or internal guidance documents such as a Travel Plan or Communication Plan**

# Interview the Person and Support Team

**Return to Table of Contents** 

Skip to Career, Vocational, Transition Plan

### Interviews of the Participant, Support Staff, Family and Friends

**Purpose:** To obtain various perspectives on the individual's background, progress, skills, abilities, preferences, experiences, and support needs through discussion of these subjects with the person and their stakeholders. Each perspective will provide information relevant to the individual's ability to obtain and/or maintain employment.

Instructions: Interview the participant, Care Manager, family and/or friends that know them well, and at least one support staff from each service they currently receive. It is recommended to also interview support staff from services they previously received. Complete an Interview Worksheet\* for each interview. Interview Worksheets are provided in a separate document to be used as a guide. Questions may be rephrased, omitted, or added as needed to obtain detailed information. Compare the information gathered through all the interviews and summarize it in the Interview Summary Worksheet. Additional comments may be included separately if needed. Label additional comments with specific page numbers and questions.

Each thorough interview may require <u>1-2 Hours</u>; recommended total interview time is <u>5-10 Hours</u>

Foundational Skills are broken into the following categories that have been color-coded throughout the document to assist you in completing the Discovery Report Findings.

### **Interview with Participant Worksheet**

**Purpose:** Interviewing the person is helpful to get a snapshot of their current schedule/services and obtain their perspective on past employment/volunteer experiences. Some of the questions may be rephrased or omitted depending on the circumstance of the person. The person interviewing is encouraged to note all information that would be relevant to obtaining or maintaining employment.

## Section 4

## Observe the Person in Various Activities

**Return to Table of Contents** 

Skip to Career, Vocational, Transition Plan

#### **Observation of the Participant**

**Purpose:** To obtain information about the individual's interests, motivators, interpersonal/soft skills, independence, behavior, physical ability, self-care skills, safety awareness, and support needs through direct observation. Observation will reveal information about how an person reacts to various social and physical environments. This information can be related to how they might react to similar environments and the expectations found in employment.

**Instructions:** Directly observe the person in a setting where they can demonstrate their full range of skills and abilities on preferred activities. **Observations cannot take place at the same locations as Situational Assessments.** Complete an "Observation of the Participant Worksheet" for each Observation. Additional Observations and Worksheets may be completed if they are pertinent to the individual's employment needs. Additional comments may be included separately if needed. Label additional comments with specific page numbers and questions.

Each thorough observation may require **2-3 Hours**; recommended total observation time is **5-10 Hours**.

# Conduct Job Readiness and Career Exploration Activities

**Return to Table of Contents** 

Skip to Career, Vocational, Transition Plan

#### Job Readiness Training and Career Exploration

**Purpose:** Job Readiness Training and Career Exploration activities help prepare individuals to obtain and maintain employment. Career Exploration can be offered in many ways for an individual to learn more about their areas of career interest.

**Instructions:** Conduct routine Job Readiness Training classes and Career Exploration activities for participants in Pathway to Employment, monitor their progress, and notate areas that will require more training. Utilize the list of skills that were selected as topics that may be most beneficial to the person during the Activity Plan meeting. As activities are completed, staff will document foundational skills.

Provider agency should also offer career exploration using any or all of the following: Career Interest Assessment Tools, Job Shadowing, Vocational Skill Classes, Career Research, Interviewing Business Managers, Resume and/or Interviewing Classes

- **Job Readiness Training:** The focus of Job Readiness Training is on the soft skills needed to be successful in an employment setting. The training and activities should be repetitive to reinforce the skills needed and help individuals understand employer expectations. Job Readiness Curriculum examples can be found in Appendix
- Career Interest Assessment Tools: Learn about occupations that are a good match, decide where individuals need more training or experience, and identify the skills a participant can bring to a job. Tools can be found in Appendix
- **Job Shadowing:** Job shadowing involves spending time following a professional as they work. By observing the professional for anywhere from a few hours to several weeks, you can get a better understanding of their particular career.
- **Vocational Skill Classes:** This refers to instructional programs or courses that focus on the skills required for a specific job function or trade.
- Resume Writing / Practice Job Applications: Workshop that provides detailed explanations, as well step-by-step processes, for creating an effective résumé. Practicing job applications can assist individuals in preparing their personal information with an employer. Employers may use the application form to judge how well you follow instructions and how careful you may be as an employee. Lesson Plan in Appendix
- Interview Classes Preparing for an interview involves the following areas: Analyzing your strengths and
  weaknesses. Knowing about the needs of your career area of interest. Researching the specific
  company/organization where you will be interviewing. Making a list of possible questions to ask the
  interviewer. Practice answering questions you might be asked by the interviewer. Determining what you
  will wear and bring to the interview. Interview preparation materials found in Appendix

Job Readiness Training and Career Exploration Activities may vary; recommended total time is **55-85 Hours**.

#### **Work Readiness Evaluation Tool**

The purpose of this worksheet is to assess the person's ability to demonstrate basic competency in each foundational skill category during the Pathway to Employment program.

The evaluation is intended to prepare the person to obtain and maintain employment.

These skills will be observed through individual skill training, assessing skills in various environments, attending job readiness group classes, job shadowing and/or other career development activities provided by the agency.

Each skill should be assessed through a job readiness experience or class, and described in the chart below.

For Example:

| FOUNDATIONAL SKILL      | PERFORMANCE/COMPETENCY<br>EXPECTATIONS                     | Lacks skill or ability  | Needs<br>Improvement  | Proficient   | Exemplary   |
|-------------------------|--|---|---|--|---|
| WORKPLACE<br>APPEARANCE | Maintaining cleanliness and hygiene of self and workplace. | Has not yet<br>demonstrated<br>appropriate<br>appearance<br>and/or personal<br>hygiene for<br>position and<br>duties. | Inconsistent in<br>demonstrating<br>appropriate<br>appearance<br>and/or personal<br>hygiene for<br>workplace. | Dresses appropriately and practices hygiene for position and duties with rare exception. | Consistent<br>display of<br>professional<br>appearance<br>and hygiene<br>serves as a<br>model for other<br>workers. |

Foundational Skills are broken into the following categories that have been color-coded throughout the document to assist you in completing the Discovery Report Findings.

#### **JOB APPLICATION CHEAT SHEET**

A cheat sheet ensures all the necessary information is available to fill out an application at a moment's notice.

A resume is a helpful reference for some of the information on a job application, but applications usually include details that don't belong on a resume, such as former supervisors' names and the reason you left the job.

Instead of trying to recall those details, just copy the cheat sheet and submit the application.

#### New York State Toll-Free Work Incentives Hotline:

#### 1.888.224.3272 Voice

1.877.671.6844 TDD

The New York Makes Work Pay Initiative believes that to close the employment gap for New Yorkers with disabilities, information is key. New Yorkers with disabilities and their supporters need access to timely, relevant and accurate information pertaining to how benefits are impacted by work. Further, we know that information is not enough and that subsequently those same New Yorkers need to be connected with individuals and organizations that can assist them in creating and maneuvering a path to employment and increased economic well-being.

Through a contract with Cornell and Neighborhood Legal Services (NLS) of Buffalo, the New York Makes Work Pay Initiative offers a statewide, toll-free *Work Incentives Hotline* to answer calls on a wide range of issues related to benefits and work. The hotline is available during business hours on Monday through Friday, except on holidays, and every effort will be made to return calls the same day or within one business day.

Two of NLS's experienced benefits and work incentives practitioners, Krista McDonald and Marta Santiago, provide services to callers in both English and Spanish. Generally, any call related to SSI, SSDI, Medicaid and Medicare is appropriate for the hotline. Hotline staff also have more general expertise on a range of other issues, including: public and subsidized housing issues; eligibility for state vocational rehabilitation services through the Office of Vocational and Educational Services for Individuals with Disabilities and the Commission for the Blind and Visually Handicapped; and public assistance issues. In some cases we may refer callers to others who can answer specific questions or offer advocacy services.

The Work Incentives Hotline is designed as a short-term service to provide information and technical assistance to individuals with disabilities and provider agency personnel, including individuals who provide some form of benefits and work incentives planning services. In most cases, the service request will be handled in 30 minutes or less. Where appropriate, our staff will research the issue and get back to the caller. The hotline should not be viewed as a substitute for the comprehensive services available through benefits and work incentives practitioners and Community Work Incentives Coordinators available from agencies funded through the Social Security Administration or other sources. Our hotline staff will be able to provide referral information to an agency in your region of the state that can provide that service.

If and when you begin working and earning wages please remember to report your earnings to your local social security office. Your care manager can assist you with this.

# Implement Community Based Vocational Experiences

**Return to Table of Contents** 

Skip to Career, Vocational, Transition Plan

#### **Community-Based Vocational Experiences**

**Purpose:** To collect information about an individual's practical work performance by simulating a work environment at a location in the community that exposes them to realistic expectations in career areas they may enjoy. Supporting, observing, and assessing an individual participating in work activities in the community will allow individualized and objective evaluation of their interests, skills, and abilities. This will identify an individual's motivators, learning style, and areas of support needs. Overall work performance depends on proficiency in multiple areas including, but not limited to; physical ability/stamina, academic ability, interpersonal/social skills, communication skills, problem solving, stress management, safety skills, and response to supervision, instruction, and support. The information collected can be directly related to the support the person will benefit from to succeed in employment.

**Instructions:** Directly support, observe, and assess the person participating in work activity in the community in at least two different locations, participating in at least two different types of work activity. This work activity should coincide with the career areas the person is interested in. **Experiences/Assessments cannot take place at the same locations as Observations.** Complete a "Community-Based Vocational Experience Worksheet" for each Vocational Experience. Additional comments may be included separately if needed. Label additional comments with specific page and question numbers.

Pathway to Employment requires at least 3 community based worksites.

Experiences may be from 30-45 hours each; recommended total vocational experience time is 90-135 hours.

Vocational Experience hours must meet the requirements per the ADM.

### **Conduct Career Research**

**Return to Table of Contents** 

#### Career Research

**Purpose:** To compare the individual's skills and abilities with the duties and requirements of specific job titles. This will help determine if these job titles are a realistic match for the individual.

**Instructions:** Refer to the Identified Career Options in the Discovery. Use ONETonline.org to research each career. Fill in one chart in the Career Research Worksheet for each career. Combine the Discovery Report Findings and Career Research to provide a recommendation that will support the individual with meeting their career and vocational goals.

#### Career Research should be completed with the individual.

#### **HOW TO USE O\*NET ONLINE:**

- Open your internet browser and enter "onetonline.org" into the address bar.
- Enter the career in the "Occupation Quick Search:" field in the upper right corner of the O\*NET Online Home Page and hit Enter or click on the arrow.
- Select and click on the most appropriate O\*NET Career from the search results.
- Expand all categories on the Summary tab of the O\*NET Career page by clicking on the "+" under each category heading. There are 13 categories that can be expanded. If a category is showing all possible results, the "+" will be light grey and unclickable.
- (Optional) Print out the page with all categories expanded for reference.

#### **HOW TO USE O\*NET ONLINE INFORMATION TO FILL IN CHARTS:**

- Enter one Identified Career Option in each chart and select if it is an expressed preference of the individual or was derived from the Discovery Report Findings
- Enter one job title from the "Sample of reported job titles:" area of the O\*NET Career page.
- Enter the O\*NET Code. Example: "15-1199.11" for Video Game Designers.
- Select 4-6 of the most important functions or requirements of the O\*NET Career and enter them under the "Job Duties / Requirements" column.
- Fill in the information under the "How does the job duty match the individual's skills and abilities?" corresponding to each function in the "Job Duties / Requirements" column.

Discovery Report Findings & Final Recommendation

Career Planning with the Person and the Support Team

Transition to Employment Services and/or Vocational Development Activities

Pathway to Employment provides exposure to the world of work especially for individuals who need career planning and have limited work experiences in the community. It is a time-limited service to assess an individuals' readiness for competitive employment in the community. The services include career planning, interest assessments. work experiences community, skills the job-readiness training, and addressing challenges to employment.

Pathway to Employment services result in a comprehensive Career, Vocational and Transition Plan with recommendations for next steps to employment and/or future vocational goals.

To receive the Pathway to Employment service, the individual must express an interest in work readiness or job preparation for competitive employment or self-employment and this must be listed as a goal in the individual's Life Plan.

See regulations and ADM for a complete listing of all allowable services and procedures.

Pathway to Employment 25-ADM-01: Service providers are required to complete and submit the Career, Vocational and Transition Plan for <u>every</u> individual enrolled in Pathway to Employment services. Service providers must upload each individual's Career, Vocational and Transition Plan to CHOICES, no later than 90 days after the individual has been dis-enrolled from Pathway to Employment services.

#### **Discovery Report Findings**

**Purpose:** This section is used to summarize the findings relevant to employment that were gathered during the Pathway to Employment Discovery. The report will consolidate information about the individual's demonstrated skills, interests, strengths, and support needs in a variety of vocational areas. Environmental preferences, transportation, work availability, hard and soft skills, supervision needs, and career options will also be identified in this section. This report will be used to make a final recommendation for next steps for the Pathway to Employment participant, and a resource for future services.

**Instructions:** Analyze the information gathered during Discovery and complete all parts of the Discovery Report Findings. Refer back to all sections throughout the Discovery to create a thorough report.

#### **Final Recommendation**

**Purpose:** To provide a recommendation of the next steps the individual may need to make vocational progress. The recommendation must consider key information discovered and recorded about the individual in all sections of the Pathway to Employment Discovery Report.

**Instructions:** Choose one of the two options below and complete the corresponding section if applicable. Prior to final recommendations, meet with the person and support team to review report and initial recommendations. The Program Manager will review the Discovery Report, provide feedback, and notify the staff if additional situational assessments or other revisions to the report are needed.

| Based on the information gath  | nered during Discovery, the recommendation is:  |  |  |  |

# Career Planning Meeting and Transition

#### Career Planning with the Person and the Support Team

**Purpose**: This tool consolidates information gathered during Discovery and creates a plan for the next steps to assist the individual on the road to employment. The plan is meant to be shared with the individual's current and future supports.

This information should highlight the positive attributes and describe specific vocational challenges identified during Discovery. The goal of this meeting is to have open communication with individual, their family and support team about long term career planning.

**Instructions**: The Career Planning Meeting should be held **after all Pathway to Employment activities have been completed and the Discovery Report Findings section is finalized**. The Pathway to Employment staff will complete page 1 of this section along with any applicable plans prior to holding a team meeting with the individual, their family and support team.

Follow the meeting agenda included to discuss program findings and future career planning based on the individual's Pathway to Employment experiences.

This planning tool will assist the team in making service recommendations based on pertinent information related to the person's employment related needs and qualifications.

Approximately 6 hours including team meeting.

#### Prepare prior to the support team meeting.

- Review the individual's Life Plan, Pathway to Employment Activity Plan and Discovery Report Findings to make recommendations for next steps.
- Complete the plan associated with the Final Recommendation
- Job Development Plan or Vocational Development Plan

#### **Preparation for Job Application / Resume**

This section is to prepare an individual to be able to confidently complete job applications and gather the information needed for a resume.

It is important to be honest and double-check for spelling and any mistakes.

Job applications and resumes should be as clear and as easy to read as possible. Ensure there are no errors on job applications and resumes and all applications need to be completed thoroughly. Read through these tips before starting your Employment Information Cheat Sheet.

The information collected in this activity will provide a master of all employment and volunteer experiences. This will enable the individual to pull relevant information using their "cheat sheet" when applying to different positions.

#### **Resume Tips:**

A resume can be tailored to different employment opportunities. The goal of a resume is for employers to learn who the individual is and whether their skills and experiences match the position they are applying for.

The following sections are suggested:

- Name and contact information
- Career objective: a short sentence or two that briefly explains who the person is and why they qualify for the position
- Education: some positions or employers may require a certain degree, certificate, or level of experience
- Experience or professional history: list most relevant work experiences, beginning with the most recent employment
- Additional relevant accomplishments, skills, and volunteer work: help create a better picture of who the individual is as related to the position they are applying for

#### **Availability:**

- 1) List part-time or full-time position
- 2) Willingness to work evenings/weekends (list specific times available)

#### Wage Requirements:

- 1) On application if asked "Desired salary or expected wage"— "Negotiable" or if number needed, indicate "0".
- 2) If question is asked during interview, indicate a range or that your salary requirements are flexible/negotiable.

#### 3) Proof of Eligibility for Employment:

1) Provide proof to work in the United States

#### References:

It is important to list people as references who can endorse skills and qualifications. When applying for jobs, a list of references should be provided. It is important to ask a potential reference for permission ahead of time. Obtain references full name, current job title or relationship to applicant, their phone number, email address and work or personal address. When selecting references, chose people who can speak positively about work ethic, skills, and character.

Some examples of a reference could be a former supervisor, a coworker, a former teacher, or if you know someone at the company you are applying to, consider asking them for a reference. A well-developed resume enables the individual to be recognized by potential employers.

#### **Additional Information:**

1) It is an unlawful discriminatory practice for an employer to make any inquiry about any arrest or criminal accusations of any individual which has been resolved in favor of the accused. It is not unlawful to ask if an individual has any currently pending arrests or accusations. To help prepare the person how to answer that question when there is a job offer refer to the below links for further information as warranted.

#### JOB DEVELOPMENT PLAN

<u>PURPOSE</u>: To research and consolidate the pertinent information related to an individual's employment related needs and qualifications **before** approaching businesses to develop a placement. By having this information, the Job Developer will be able to provide targeted job development at businesses who have positions that meet the individual's skill, ability, preference, experience, schedule, transportation, environmental, cultural, and support needs. The Job Developer will be prepared to negotiate any necessary customization to positions so that they meet the individual's needs. With the focus and strategies provided by this plan, the Job Developer is more likely to create effective job matches. The Job Developer should approach businesses the provider currently has relationships with as well as new businesses to build new relationships. Targeted job development is best accomplished by directly contacting businesses to develop placement opportunities. **Do not just focus on completing online applications.** The Manager should provide oversight and guidance throughout job development.

<u>INSTRUCTIONS:</u> Review Discovery documents and follow up as needed to fill out each section below with detailed, individualized information. Review the plan with the individual, the Job Developer, the Pathway to Employment Manager, and any other staff or stakeholders that support the individual for approval, and collect signatures on page 6. This plan should be available to anyone supporting the individual with any part of their job development.

#### **VOCATIONAL DEVELOPMENT PLAN**

<u>PURPOSE</u>: To consolidate information gathered during Discovery and create a plan for the next steps to assist the individual to build independence and develop employment skills. The plan is meant to be shared with the individual's current and future supports. This information should highlight the positive attributes and describe specific vocational challenges identified during Discovery.

**INSTRUCTIONS:** Fill out each section below and submit the plan to the Program Manager for review. A meeting may be held to discuss the plan and next steps with the individual and their Circle of Support. Information in the chart on page 3 should be clearly stated so that the individual, their family, their Care Manager, and any support staff working with them are able to monitor their progress as they work to improve in the noted challenge areas.
