INTERVIEW SUMMARY WORKSHEET

Table with 4 columns: INTERVIEWEES NAME, RELATIONSHIP, SERVICE PROVIDER - TYPE, DATE OF INTERVIEW. Rows include ETP Participant (required), Annie Wilkes, Laurie Strode, Lydia Dietz, Michael Meyers.

Answer Based on the information obtained during the interviews:

List Potential Career Options mentioned by the interviewees:

- GameStop, Helping Hands at Wegmans, Furniture Mover, Stocker, Work with Animals, Set up/clean up events

What connections or relationships do the interviewees have with businesses in these career areas?

Dakota's mom, Susan, works with X COMPANY through her job. This could be used as more of a job development tool than a job opportunity, however. Susan also used the M MOVING COMPANY for her moving service and enjoyed working with them.

What are the environmental needs of the individual, as expressed by the interviewees?

Dakota does not want to work in a warehouse setting; however, interviewees have all said that it may still be a good fit for him. Dakota does not do well in large crowds, so his environment should be on the smaller side.

Describe any schedule or transportation constraints mentioned by the interviewees:

Dakota has never used Uber or Lyft. Dakota can utilize RTS Access independently, or staff can transport. Dakota's mother does not want him to navigate RTS bus routes.

EMPLOYMENT TRAINING PROGRAM DISCOVERY REPORT

Name: Dakota Jones

TABS ID #: 123456

Describe types and / or levels of supervision discussed by the interviewees:

Although Dakota is relatively independent in the community, he responds well from support with making sure his interactions with the public are appropriate. Dakota can be alone in the community for up to 4 hours. If Dakota is getting upset or overwhelmed, it is best to let him step away and cool down.

List 5 factors discussed during the interviews that could impact the individual’s ability to obtain and maintain employment: (family concerns, loss of benefits, hygiene, behavior, transportation, independence, etc.)

1. Dakota makes inappropriate jokes with people in the community.
2. Dakota is only able to handle a limited amount of cash.
3. Dakota sometimes embellishes or makes up stories to impress others.
4. Dakota requires a lot of positive reinforcement and approval from others.
5. Dakota has trouble being given more than 1-2 step directions.

Describe the individual’s independent activities in the community:

Dakota walks around his neighborhood and to the corner store to buy food. When Dakota is out, he often talks to his neighbors or walks to his friends' houses.

List 3 new things that you learned about the individual through interviews:

1. Dakota loves animals and even assisted with procedures during his volunteer time at Lollipop Farm.
2. Dakota would enjoy a job that involves manual labor.
3. Dakota does not like change but apparently has dealt with it well in the past.

Interviewer’s additional comments:

Everyone interviewed in Dakota's support circle says that he tends to want to please others. While this can be a positive attribute, he may need some support with advocating for his own needs in the workplace and not sacrificing his comfort for other people's. Dakota lived with his family for 21 years. He moved through 3 group homes in 3 years and has been in his current residence for 6 years. Dakota has his own apartment but has 5 other housemates in the residence. He lives in a residential neighborhood within a short walk to convenience stores. The nearest main road is within 2 miles and is highly commercialized. Dakota is familiar with many neighbors, and employees at convenience stores he frequents. Dakota has immediate and extended family in the area, but it does not appear that he visits them often. He has a tenuous relationship with his mother, who is also his legal guardian. Dakota wants to help others as much as he can, often offering support with chores and tasks around the house and for his neighbors.

3. COMMUNITY-BASED EXPERIENCES / SITUATIONAL ASSESSMENTS

PURPOSE: To collect information about an individual’s practical work performance by simulating a work environment at a location in the community that exposes them to realistic expectations in career areas they may enjoy.
